Royal Cachet Montessori School

Quality Education for Success

Dear Mark and Linda,

My wife and I would like to express our gratitude to you and Commercial Finance One for the manner in which our new school construction mortgage was arranged and processed.

Commercial Finance One played a central role in successful financing and completion of Royal Cachet Montessori School after being turned down by major banks. This commercial financing was required for project changes of scope including significant building enhancements after construction had already commenced. Your expertise in developing a business plan, negotiating with the lender, providing construction verification and advising us on numerous issues was exemplary.

Thank You Mark and Linda for your professional and knowledgeable support in arranging our school financing. We have no hesitation in recommending Commercial Finance One to others seeking the services of a knowledgeable and diligent mortgage broker.

Best Regards,

Elias & Kathy Bobotsis,
Royal Cachet Montessori School
